WORK EXPERIENCE

Oriental Bank

San Juan, PR

Finance Summer Intern

May 2022 - July 2022

- Produced an accurate and comprehensive FP&A report for the bank's current balance sheet, demonstrating strong analytical and financial modeling skills throughout the length of the internship.
- Utilized advanced **Excel** skills, including conditional formatting and complex formulas, to streamline financial data and increase efficiency in reporting.
- Conducted thorough 5-year forecasts, covering key financial metrics such as interest income, reposition, auto, NIR, NIE, NIM, EPS, and CAPEX, contributing valuable insights to the finance team.
- Leveraged Adaptive Planning, a new financial planning software adopted by the bank, to integrate **Excel** reports seamlessly, resulting in more efficient and accurate financial reporting.

787 Investing

Bayamon, PR

Program Manager

April 2020 - August 2020

- Collaborated with the COO to improve operational efficiency, reducing costs and increasing profitability.
- Organized financial resources into a comprehensive online investing curriculum, assessing member knowledge through quizzes.
- Designed and implemented **databases** and forms in WiX, streamlining online education platform processes.
- Developed a business computing and programming curriculum for 787 Investing members, emphasizing financial applications and practical skills.

RESEARCH & LEADERSHIP EXPERIENCE

Carnegie Mellon University

Bayamon, PR

Undergraduate Economics Research

May 2021 - July 2021

- Analyzed COVID-19 monetary policy's impact on US inflation using linear regression models in **R** Studio.
- Discovered significant effects of money supply on inflation, while the interest rate alone was not impactful.
- Collected and compiled Federal Reserve data (Nov. 2019–May 2021) and utilized FRED tools for analysis.
- Documented research processes and presented findings on the interaction between monetary policy variables and inflation.

Phi Delta Theta Fraternity

Pittsburgh, PA

Recruitment Chairman

April 2020 - August 2020

- Led recruitment events, increasing membership by 19 members within a year.
- Managed a \$2,460 recruitment budget, reducing expenses by \$560.
- Demonstrated organizational and leadership skills in directing and optimizing recruitment processes.
